

HEMEN BOODIA

GRADUATE PROJECT MANAGEMENT | CONTRACTS ADMINISTRATION

Perth, WA | 0434 716 685 | boodiahem@gmail.com | hemenboodia.com

PROFILE

Final-year Construction Management student at Curtin University, graduating November 2026. High Distinctions in Cost Management and Contract Administration, with hands-on residential construction experience across procurement, cost tracking and site inspections. Seeking a graduate role in project delivery, contracts administration or commercial construction across Western Australia.

CORE CAPABILITIES

Project delivery: Project coordination | Program monitoring | Site inspections | WHS and quality

Commercial: Contract administration support | Cost estimation and tracking | Procurement | Subcontractor and supplier liaison

EDUCATION

Bachelor of Applied Science (Construction Management)

Nov 2026 (expected)

Curtin University, Perth

- Four High Distinctions and one Distinction in Semester 1 2026 (Contract Administration, Cost Management, Professional Practice, Integrated Construction Project, Engineering Measurement)
- Earlier High Distinctions in Building Surveying, Construction Planning and Scheduling, and Specialised Construction

CONSTRUCTION EXPERIENCE

Project Coordination Assistant | Private Residential New Build, Mauritius

Nov 2023 – Jan 2024

- Supported delivery of a four-level residential build (basement to rooftop terrace), coordinating procurement and monitoring subcontractor and supplier deliveries against the program
- Kept a procurement and cost tracker, compared supplier quotations and updated records against budget
- Compiled construction documentation, progress reports and compliance files
- Assisted with site inspections and safety and quality checks against drawings and program requirements

ADDITIONAL EXPERIENCE

Operations Intern | New Wide Garment Industry, Kenya

Jun – Jul 2025

- Supported production planning and resource allocation; monitored output against targets for senior management
- Documented and updated standard operating procedures and performance trackers for quality control and safety compliance

Cook and Customer Service | Old Chang Kee, Perth

Jul – Nov 2023

- Ran daily food preparation, counter sales and inventory control

UNIVERSITY PROJECTS

ECI Case Study | \$202M WA Hospital Expansion

2026

- Developed a simulated ECI submission based on a completed WA hospital expansion
- Prepared the contractor financial capability assessment (profit and loss, balance sheet, ratio analysis); contributed to the 12-week program and panel presentation

Cognivue | Learning Futures Challenge 2026: AI Unleashed

Jul 2026

- Co-developed Cognivue, an AI learning prototype adding timestamped quiz checkpoints to recorded lectures
- Built and deployed the web prototype via GitHub Pages and delivered the live demo at the showcase

TECHNICAL SKILLS

Cost and planning: CostX, Microsoft Project, Microsoft Excel

BIM, coordination and visualisation: Revit, Navisworks, Revizto, AutoCAD, Lumion

Methods: CESMM4 measurement, take-offs, bills of quantities, WHS and quality compliance

ADDITIONAL INFORMATION

Licences and awards: Current WA driver's licence; Duke of Edinburgh International Award (Gold)

Languages: English, Mauritian Creole and French (DELF B2 certified)
