

FREMANTLE DEVELOPMENT

The development improves flow of traffic and retains some Italian heritage. Additionally the public accessibility is improved. This development also aims to provide a landmark for enabling recognition to the indigenous Boorloo community.

Amenities

Seating area

Accessibility

- Student housing complex with pathway through.
- Short stay accomodation
- Public Pool for people to enjoy swimming while admiring the sea
- Italian club and hotel combined
- Supermarket and parking combined
- A boardwalk all around the edge of the site.

Community

- The train line was removed to allow easier access to the site and create a more open area.
- The snake is there as a symbol of strength, creativity and continuity for the traditional owners of the land.
- As per William H. Whyte urban design principles, the buildings, the public spaces, the streets, transport and landscape all complement the area.

Nursing home & Outdoor gym

- Multi use area where Freo markets can be hosted.
- Plenty of seating area around the site.
- Pathways around the site.
- Restaurants and cafes dispersed around the site
- Restaurant on waterfront
- Food trucks.
- Outdoor gym for fitness
- Mural graffiti expressing culture
