

HEMEN BOODIA

GRADUATE CONSTRUCTION MANAGEMENT | PROJECT DELIVERY | COMMERCIAL

Perth, WA | 0434 716 685 | boodiahem@gmail.com | hboodia-png.github.io

PROFILE

Final-year Construction Management student at Curtin University, graduating November 2026. High Distinctions in Cost Management and Contract Administration, with hands-on construction experience across procurement, cost tracking and site inspections. Seeking a graduate role in project delivery or commercial management in WA.

CORE CAPABILITIES

Project delivery: Project coordination, program monitoring, site inspections, documentation, WHS and quality

Commercial: Contract administration support, cost tracking, procurement, subcontractor and supplier liaison

EDUCATION

Bachelor of Applied Science (Construction Management)

Nov 2026 (expected)

Curtin University, Perth | Course Weighted Average 71.0

- Four High Distinctions and one Distinction in Semester 1 2026 (Contract Administration, Cost Management, Professional Practice, Integrated Construction Project, Engineering Measurement); semester average 80.2
- Earlier High Distinctions in Building Surveying, Building Services, Construction Planning and Scheduling, and Specialised Construction

CONSTRUCTION EXPERIENCE

Project Coordination Assistant | Private Residential New Build, Mauritius

2023 - 2024 (80 site days)

23 Nov 2023 to 19 Feb 2024 and 3 Jun to 10 Jul 2024

- Supported delivery of a four-level residential build (basement to rooftop terrace), assisting with procurement and monitoring subcontractor and supplier deliveries against the program
- Kept the procurement and cost tracker against budget; compared supplier quotations for reinforcement, concrete, tiles and paint on lead time and reliability, not just price
- Compiled construction documentation, program updates, progress reports and compliance files
- Four days: helped coordinate truck access, checked dockets against the specified mix, labelled cube samples
- Coordinated finishing trades sharing the same rooms, supported re-sequencing of painting around a late floor tile delivery, and helped track defects room by room before handover

ADDITIONAL EXPERIENCE

Operations Intern | New Wide Garment Industry, Kenya

Jun - Jul 2025

- Supported production planning and resource allocation; monitored output against targets and updated performance trackers for senior management
- Documented and updated standard operating procedures for quality control and safety compliance

Cook and Customer Service | Old Chang Kee, Perth

Jul - Nov 2023

UNIVERSITY PROJECTS

ECI Case Study | \$202M WA Hospital Expansion

2026

- Developed a simulated ECI submission based on a completed WA hospital expansion; contributed to the 12-week program and panel presentation
- Prepared the contractor financial capability assessment (profit and loss, balance sheet, ratio analysis)

Cognivue | Learning Futures Challenge 2026: AI Unleashed

Jul 2026

- Co-developed and deployed Cognivue, a working web prototype that adds timestamped knowledge checks, progress tracking and lecturer analytics to recorded lectures
- Built the responsive prototype for desktop and mobile, deployed it via GitHub Pages and delivered the live demo at the Learning Futures Challenge showcase

TECHNICAL SKILLS

Cost and planning: CostX, Microsoft Project, Microsoft Office (Word, Excel, PowerPoint)

BIM, coordination and visualisation: Revit, Navisworks, Revizto, AutoCAD, Lumion

Methods: CESMM4 measurement, take-offs, bills of quantities, WHS and quality compliance

ADDITIONAL INFORMATION

Availability: Full-time from 1 February 2027; willing to travel to regional and remote sites as required

Work rights: Full Australian work rights expected from early 2027 through the Subclass 485 Temporary Graduate visa

Licences and awards: Current WA driver's licence, White Card (WA), Duke of Edinburgh International Award (Gold)

Languages: English, Mauritian Creole and French (DELF B2 certified)
